

Combat Veterans International Constitution

This Constitution was enacted by the membership, to ensure and protect the founding principles of this great organization, and provide for the common good of its membership.

This document supersedes any previous documents, bylaws, SOP's and/or policies at the National, State, Regional and Chapter levels of the organization.

Article I. Mission Statement

As Combat Veterans we proudly ride in honor and respect of all Prisoners of War, Missing in Action, and those brothers and sisters who were killed in combat supporting our country, in past, present, and future military actions. Our mission shall be: To support all Veterans, especially Combat Veterans, to the best of our ability, regardless of race, religion, age, sex, or country of origin. To fit into the areas where we live: As a non-confrontational/non-territorial motorcycle organization, showing respect for all human kind.

Article II. Organizational Structure

1. National Executive Council (NEC)

The NEC will be comprised of five officers, elected from the membership at large: President; Vice President; Sergeant at Arms; Secretary; and, Treasurer. The NEC is responsible for the growth of the organization and will provide guidance for the organization. The NEC members shall be the representatives of Combat Veterans International (CVI) at all functions and events as appropriate. The NEC will ensure compliance with all applicable state, federal and local requirements governing non-profit organizations so as to maintain the 501c status of the organization. IRS Code Sec 501(C) is incorporated herein by reference as though set forth in full.

2. Regional Council

Regional areas within the United States will have Regional Councils, which are responsible for growth of CVI and will provide guidance and direction to the CVI chapters within their region. These councils will be the governing body within their respective geographical regions. The NEC will define Regional Areas and each region will form a council from the individual chapters within that region. International councils and International representation will be addressed as appropriate.

3. Chapters

Chapters are individual groups within CVI which make up the majority of the membership. All chapters will maintain five elected offices: President; Vice President; Sergeant at Arms; Secretary; and Treasurer. Each chapter shall abide by the CVI SOP's, Constitution, its regional council, and the NEC. Each chapter shall be held responsible for any liability it incurs.

Article III. State, province or territorial specific article

The NEC is responsible for compliance with any federal, provincial, state or local laws or regulations that pertain to gambling, raffles, poker runs etc, and will ensure compliance with any provisions required to maintain CVI's non-profit status.

Article V. Revisions

This Constitution may be revised by a three-fourths vote of the members entitled to vote at the Annual Meeting. Any member in good standing may submit a proposed revision for consideration. All proposals shall be submitted to the member's Chapter and forwarded to the Regional Council only upon an affirmative vote by that Chapter. Regional Councils shall forward all proposals to the NEC no later than April 1st. Notice of proposed changes shall be mailed by the NEC to eligible members not less than forty-five days before the meeting, along with a ballot to indicate acceptance or rejection.

Article VI. Dissolution of the organization

2. In the event that a chapter or regional council within the organization ceases to exist, all assets of the chapter or regional council will be transferred to the NEC for disposition.

Combat Veterans International Standard Operating Procedures

This document contains the Standard Operating Procedures for Combat Veterans International (CVI), which are the rules by which CVI will operate. This document is meant to supplement, not replace, the CVI Constitution.

No amendment shall be made to the SOP which would cause C.V.I. to cease to qualify as an exempt corporation under Section 501 (c) of the Internal Revenue Code of 1986, or the corresponding section of any future Federal tax code.

- (a) An amendment that affects the voting rights of directors or members requires ratification by a three-quarters vote of the board of directors at a Board meeting and ratification by a three-quarters vote of the membership at a National meeting.
- (b) That all amendments be consistent with the Articles of Incorporation.

Anything not expressly covered by this document will be left to the decision and interpretation of the NEC, designated Regional Council or governing authority. The NEC is the final authority for any decision made at a lower level.

If you have questions, or have trouble understanding the Constitution or the SOP, please bring them to the attention of your Chapter Officers, your Regional Council, or a member of the National Executive Committee (NEC).

Article I. Objectives of CVI

Each Chapter will be responsible for providing funds based on the percentage of the total CVI membership that is in the Chapter. The Chapter rosters submitted for the current fiscal year will be used for this calculation. The total amount of the funding will be determined by the NEC based on the estimated cost of putting on the run. The amount of the funding each Chapter is responsible for will be communicated to the Chapters no later than 45 days prior to the National Meeting. Chapters are free to determine the source of this funding. The funds will be payable to the National Treasurer prior to or at the meeting. The education gained through their service with CVI and the way they interact within the motorcycle world is of the utmost importance. Officers are voted in by the membership and deserve the respect that comes with the position. You may not like the person filling the position, but you WILL respect the Office.

5. All Members-at-Large shall remain NOMINAL members of their home chapter. If they are once again able to participate in normal chapter activities, they shall be released from Member-at-Large category in order to rejoin their chapter. 2. Friends of CVI do not have to be veterans, but they are held to the same standards as any other member of CVI.
3. A Friend of CVI is not a member and does not have voting rights. Friends of CVI cannot fill any elected positions and may not be appointed to any position or committees within CVI.

Article VIII. Discipline

1. Disciplinary hearings should be conducted in closed meetings with the appropriate officers and the parties involved.
2. A written copy of any disciplinary action must be delivered to the member in person to avoid any miscommunication.
3. All disciplinary actions should be handled at the lowest possible level.
4. Failure to address violations may be addressed by the next appropriate body (council or NEC).

Disciplinary actions

1. Verbal Warning. A verbal warning can come from the Chapter officers, a decision of the council, or any NEC officer.
2. Written warning. Any action which violates the constitution, SOP or decision passed down from a Chapter officer, that Chapter's council or NEC officer may be addressed with a written warning. A written warning can come from any Chapter officer of that member's Chapter, a decision of the council, or any NEC officer. A written warning should be presented to the member by a Chapter officer (typically the Sgt-at-Arms) in person.

3. Probation of a member. Any action which violates the constitution, SOP or decision passed down from a Chapter officer, that Chapter's council or national officer may be addressed with up to six months of probation. During that time, the member will not have voting rights and will be considered in a disciplinary status. During that time, if the member fails to correct the violation, or fails to change the behavior that caused the violation, then that member's patch may be pulled for cause.
4. Removal of members patch. In the event of any gross violation of CVI Constitution or SOPs, a member's patch may be temporarily pulled by his Chapter's President, Vice President or Sgt-at-Arms, or any ranking Officer, in order to preserve the public image of CVI. 6. Removal of an officer for cause. Any action of any officer of any office, which violates the constitution, SOPs or decisions passed down from a Chapter officer, that Chapter's council, or national officer may be addressed by removing that officer for cause. Removal of an officer for cause may be done by a vote of that Chapter's membership, a decision by that Chapter's council, or a vote of the NEC. Although that member would no longer be an officer, removal for cause does not necessarily mean that member would lose their patch.
7. Suspension of a Chapter's charter. Regional councils and the NEC shall have the authority to suspend a Chapter's charter in the event of blatant violations of the Constitution or SOP. Warnings may be issued prior to suspending a Chapters charter, but are not required. Suspension of a Chapter's charter places that Chapter into a disciplinary status, during which time it must conduct business under the supervision of the council. Once the discrepancies are corrected, that Chapter's charter may be reinstated. If the Chapter fails to correct the discrepancies or the violation after its charter has been suspended, that Chapter may be abolished completely.

2. Chapter officers will investigate all written complaints or charges that it receives from its members.
3. Chapter officers shall conduct a hearing for each complaint. Both the offending party and any reporting members may provide witnesses or evidence to make their case. Hearings will be private and will not be held at a public meeting. The Chapter officers may take until the next regularly scheduled Chapter meeting to come to a decision. Any decisions made as a result of the hearing are final unless overturned by a majority vote of the Chapter membership. If the Chapter cannot come to a decision, the complaint will be forwarded to that Chapter's council for a decision.
4. The Chapter must present a report of the hearing and any disciplinary action to their Regional Council.
5. In the event that a Chapter is unable to deal with a disciplinary issue, the Chapter may forward the complaint to the Chapter's Council. The council shall conduct a hearing for each complaint. Hearings shall be held under the same rules as Chapter Disciplinary Hearings. If the council is unable to deal with a disciplinary issue, the Council may forward the complaint to the NEC. Any decisions made by the council or NEC are final. If the offending party's membership is revoked, that member will turn in their patch prior to leaving the meeting or when the decision is given to the member.

Disciplinary investigations of Chapters

If a Chapter violates the constitution, SOP or decision passed down from that Chapter's council or the NEC, the appropriate Regional Council will be responsible for disciplinary action, and the process for investigation and discipline will be the same as that outlined above for individual members. Chapters may request NEC review of disciplinary action for reconsideration. NEC's acceptance of the appeal is discretionary.

Disciplinary investigations of RC Members

1. In the event that a complaint or charge is made concerning a council member and is related to their Council duties, the complaint will be forwarded to that council for investigation, otherwise it will be dealt with by the member's Chapter. If the council is unable to deal with a disciplinary issue, the complaint will be forwarded to the NEC for a decision.
2. All decisions of the council regarding council members shall be reviewed by the NEC and may be sent back to the council for further review if it is determined that insufficient action was taken.

Disciplinary investigations of NEC Members

In the event that an NEC member is the subject of a complaint, disciplinary issues will be dealt with first by the NEC and reviewed by the appropriate Regional Council representing that member's home Chapter and may be sent back to the NEC for further review if it is determined that insufficient action was taken.

Article IX. Retirement and Resignation

1. Resignation: Members may resign from the organization at any time.
 - a. Members who resign from the organization shall return their patches to the parent Chapter within 10 days of their date of separation. **Back patches are and always will be property of CVI.**
 - b. Members in good standing who resign from the organization may request a refund of 20.00 U.S. dollars for the back patch. Refunds must be requested in writing within thirty days of the date of separation and shall be paid by the NEC within thirty days of receipt. Members who are expelled from the organization may not receive a refund from the organization.
2. Retirement: Retirement from the Organization should reflect the contribution that the member in question has made to the Organization. Retirement is an honor that is granted by the Chapter membership, not an entitlement that comes with membership. Each Chapter is of course free to adopt their own criteria, but Chapters should discuss this in advance of the issue arising and set their criteria as part of their Chapter Operating Manual.
 - a. The following minimum criteria shall be used in determining whether Retirement shall be granted to an individual making such a request.
 - i. Have served a minimum of four years membership in the Organization.
 - ii. A recognizable contribution to the Organization and our goals.
 - iii. Be in good standing, defined as up to date in dues and no pending disciplinary action
 - b. A member may only retire by a unanimous vote. A retired member will add a "retired" patch below their Chapter designation patch. Retired members may only wear their cuts when invited to do so

by a patched member, or when attending a CVI ride or event. A member who is retired is still a full patched member of CVI but is not allowed to vote and does not pay dues.

- c. In order to maintain Retired status, a Retired member shall attend at least two official CVI events, either business or social, per calendar year. Events may be with any CVI chapter but each retired member should contact the officers of his home chapter on a regular basis to keep his status updated. Any Retired member unable to meet these requirements shall be required to resign from the Organization.

Return to the Organization

1. If a member leaves the organization while in good standing, they may return to their parent Chapter at any time by a unanimous vote of all full patched members present during a Chapter meeting at which a quorum is present. All returning members must serve a minimum probationary period that is subject to be extended by a unanimous vote of the Chapter members. A returning member (Retired or Resigned) must return initially to their parent chapter or if the member desires to return to the organization with a different Chapter, they must request a transfer from their parent Chapter.
2. Retired members will be allowed to wear a full patch, but will be in a probationary status for a minimum of 180 days. During this probationary status, the member cannot hold any elected officer positions but does have voting rights.
3. Members who resigned from the organization, when accepted by a unanimous vote of a Chapter as outlined above, will wear a rocker and serve a nine month prospective membership as required for new members.

Moving outside of area

Any member who moves outside of the area of an existing Chapter shall have one year to:

1. meet the minimum requirements to establish a new Chapter or;
2. request retirement or Member-at-Large status from his or her original Chapter or;

4. The time and place for the next scheduled monthly meeting will be decided before the end of the meeting and will be included in the Minutes.

7. Copies of the minutes, roll call, and agenda shall be kept as a part of the Chapter's records. These records must be kept as long as the Chapter exists.

Article XI. Voting

1. Each full patch member in good standing may vote on Chapter business. No person who is not a full patch member in good standing has a vote on any issue in CVI. National officers do not have a vote at the Chapter level. If a member cannot be present, they may submit their vote by written proxy. One patch, one vote.
2. Proxy votes will address a single specific action item and direct a specific vote on that item.
3. Only regional council members may vote at council meetings. If a council member cannot be present, they may submit their vote by written proxy.
4. Only NEC members may vote at NEC meetings. If an NEC member cannot be present, they may submit their vote by written proxy
5. All CVI members may vote at national meetings (annually) or when a vote of the entire membership is necessary. To ensure that only members of CVI will be voting on CVI business, a member can only vote on CVI matters if they are listed on the CVI roster held by the National Membership Chairman. It is the responsibility of the Chapter officers to ensure that the national membership chairman has an up to date roster showing the status of each member. If a person is not on the CVI roster, their membership status cannot be verified. In those cases, that person will not be allowed to vote until they have been added to the national and Chapter rosters. Any member that cannot be present may submit their vote by written proxy. Each member has only one vote.

Article XII. Dues

1. Dues for each member of CVI are set to a minimum of \$130.00 per member per year, payable to the member's Chapter (or NEC when applicable). Each Chapter will remit \$30.00 to the NEC and \$20.00 to the Chapter's council for each member who is active on October 1st of each year. Each Chapter may set their own dues to a higher amount. Each Chapter's dues will be determined by a vote of that Chapter's members.
2. Chapters in a region without a council will place the dues which would normally be paid to that council in a separate account established and maintained by the National Treasurer for such time as a council is created for that region.
3. Dues will be payable on October 1st for the upcoming year although individual Chapters may allow quarterly payments at the discretion of the Chapter. Dues for the council and NEC are due in full for all Chapters by November 1st of that same year. Dues shall be accompanied by a current membership roster. Should a member's dues become delinquent, they will lose voting rights until the dues are current. If a member becomes a year delinquent, they may be subject to disciplinary action (including loss of membership)
4. When a new member is patched, their first year of dues will be prorated from the date of acceptance to the membership. That member is immediately responsible for that portion of the dues.
5. If a member leaves the Organization and, if the member's dues are paid, a prorated remainder shall be refunded if requested by the member in writing within thirty days of the date of their resignation or retirement.

Members of CVI cannot maintain or hold a membership in any other organization that requires the wearing of “colors”. This includes, but is not limited to motorcycle clubs.

The NEC will work with active duty personnel who are required to use a safety vest per military regulations to approve, on a case by case basis, a solution for their vest as each military commander has final approval regarding safety issues on DOD installations.
